

# Keep

# Mother's Day

# Fire-Safe

## Don't let this happen to your family

### Every second counts in a cooking fire.

- Turn the stove off and cover the pot or pan with a fitting lid or cookie sheet.
- If the fire is too large, escape immediately and call 9-1-1 from a neighbor's phone.
- **Never** go back inside a burning home.

Members of the International Association of Black Professional Fire Fighters wish all mothers a very happy Mother's Day.
